Lt & Danny,

Luminita Roman called Bureau after she called the COP office about issues at Club Cashmere and was directed to us. She wants a meeting with the Bureau Chief. She said all of you were in a meeting with her and Captain Zarcone. She said the ABC, investigation process, etc. was explained to her. However, she believes it is not fast enough or extensive enough.

I will brief them on her concerns. They may request you complete a letter that would come from our office covering your awareness of the issues, past, current and future plans etc. that show our efforts.

Lt. Dibell,

As I am writing to you the music is blasting from the Cashmere Club. Today is Sunday, August 9, 2015 at 5:22 pm. I just took this video few minutes ago. Please see it attached hereto.

Yesterday was the same problem and today is not any better.

Can you please send a unit over to tell them to turn the music down and not disturb us? I just called the Hollywood Division and I was told that Sgt. Calderon will call me back. However he did not.

Please do something about this public nuisance.

Truly yours,Luminita Roman

We need you to get involved with this issue since she lives in your area. I don't know if it's going to mean working some weekend nights, but we can't be her personal police force with all the vice-related issues going on. Dear Lt. Dibell,

After some in dept research I found out that the alley between Cashmere Club and Jefferson at Hollywood residential building is only half public property. Namely, from Highland Ave. to the middle of the alley is public property and from McCadden Pl. to the middle of the alley is private property. According to the County Assessor records, that half of the alley between McCadden Pl. and the middle of the alley is owned by the Jefferson at Hollywood property owners. Therefore, the bouncers from Cashmere club are parking their vehicles on private property not public property, and as such, the DOT cannot issue citations.

Since now we know for a fact that the half of that alley belongs to the Jefferson at Hollywood, not only the bouncers are trespassing onto private property when they park their vehicles there, but all their patrons are also trespassing onto private property when the Cashmere club allows their patrons to enter and exit through that entrance from the alley. Therefore, in all fairness I think that you should contact the property owners for Jefferson at Hollywood, and have them post no trespassing signs in that half of the alley and have them tow away the illegally parked vehicles. After the trespassing sings are posted then you can legally arrest each and every person found in that portion half of the alley including but not limited to the bouncers, managers of the club and their patrons.

Please advice accordingly.

Subject: CASHMERE CLUB

Dear Captain Zarcone,

I just hung up with Vice Officer Pool, and I am frankly extremely disappointed. Either my recollection of our meeting is off or Officer Pool's recollection is off, and therefore, I am asking clarification

from you.

It was my understanding that when I asked for your help in order to mitigate the damages upon us while working together to shut this club, and that would be when the club lets out for a police unit to come on McCadden Pl. and booth the patrons out of this area at 2:00 am and then at 3:00 am to clear out all the loiterers, you said that would be no problem as you already have a unit at the Las Palmas and Hollywood Blvd. location and would be no hustle for that unit to go on the next street for that.

Unfortunately for us that never took place, and now officer Pool told me that a unit will only be dispatched to McCadden pl. if there are no other calls at that time. Now, what is the likelihood that on Friday nigh and Saturday night the LAPD will not have any other calls at time. This was not my understanding. My understanding was that McCaden pl. will be given priority as we are working together to shut down Cashmere Club. We have been consistently woken up by the patrons from Cashmere Club on Friday night and Saturday night at 2:00 am, 3:00am, 4:00 am and 5:00 am as people are behaving like animals, and there is no police in sight.

Can you please clarify your position on it.

The other issue is that officer Pool informed me that VICE will not cite the night club for every single violation of the conditional use as the club owners will claim that is unfair. It is not for VICE to judge what is reasonable or not. If there is a condition placed upon the license then if there is a violation of that condition, citations should be issued. It is a valid reason for each and every one of those conditions placed upon their license in order to mitigate the effect the club has upon the neighborhood. I understand that it takes time but if you do not issue citations then this can go on indefinitely.

When I asked officer Pool whether or not the Club was cited for a number of violations such as failure to post a contact name and phone number in a conspicuous place on the club doors for people to complain to, he said he does not know. When I asked officer Pool if the club was cited for not posting signs all over the club for their patrons to refrain from making noise when living the club, he also told me that he does not know if that took place. When I asked him whether or not the Club has posted signs inside the club that their

patrons cannot park their cars on the neighboring streets in order not to take the parking spaces away from the residents, he said he doesn't know. And I could go on and on.

Officer Pool said that I kept calling every single day since our meeting two weeks ago, and that I should be patient and give them time to their job. Well I was instructed by Lt. Dibel that when I see people lining up for Cashmere club to call VICE and him personally so they could go out there as VICE was unable to know when they are open. And in fact that is the only times I called. Am I to understand that VICE no longer wants me to call them when the club is open?

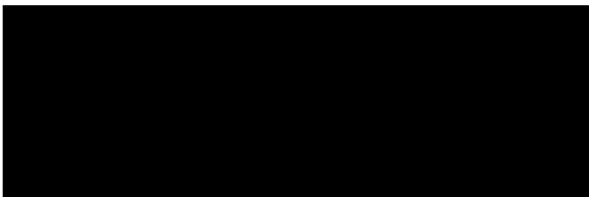

It seems that VICE does not want to shut down the Cashmere ClubÂ by and through their willful failure to issue citations for ALL the found violations. In order to have a start date on the clock you need to have citations issued. If none are issued then when this case will go to The Nuisance Abatement Unit?

I have put myself out there and I have been harassed and intimidated by the security guards and the management of Cashmere Club. You said that we will work together on this problem but at times I feel all alone.

We have the right to peaceful and quiet enjoyment and be free of nuisance. This Club is a public nuisance and I am asking that you take immediate steps to have them shut down.

I have left numerous messages for you to call me back and I have not heard back from you. Please do make an effort and call me back or at least e-mail me back. My next step is to address myself to the Chief of Police in order to get some relief.

Truly yours,

I did Dan. We cited them twice last week and I have spoken to the owner. I responded to her e-mail, but we can only do so much with everything else going on (Armenian Genocide Protest March, Prostitution issues, and all the other various ABC related issues in the division).

Just so you know, according to the owner of Cashmere, they said she was drunk and disorderly in the club a few weeks ago and they threw her out. She allegedly told them she was going to have them shut down and that is when she reached out to us. I don't know how true that is, but that is what they are alleging.

I told the owner that our expectation is that they are in substantial compliance with their conditions set forth in the CUP and told him I will go by this week to do a walk through with our ABC coordinators to ensure they are. He said they will no longer use the Hollywood entrance as well.

Subject: Cashmere Club

Dear Lt. Dibell,

I was waiting for you to get back to me as promised after your meeting with the Cashmere club manager. You never did.

Last night, April 25,2015 the following took place: All the doors on McCadden pl. were closed until 11:00 pm. From 10:00pm to 11:00 pm three security guards from Cashmere club were constantly watching my balcony and my windows. No people went into the Cashmere club through McCadden Pl. entrance until that time. I am assuming that the people went in through the Hollywood Blvd. entrance, however, I did not go out there last night to check.

Then at about 11:00 pm buses with people came on McCadden Pl. However the people coming out of the buses were not the typical Cashmere Club patrons. They were all Caucasians dressed in black tie evening gowns and some of the man were dressed in tuxedo and tailored suits. The security guards ushered them in through the entrance on the alley between the club and Jefferson at Hollywood apartment complex. By 11:35 pm all of them went in. The moment they all got it they closed all the gated doors. Please see some pictures attached hereto.

At about 11:37 pm a police car came by and by that time all the entrances were closed and no people were anywhere on site so the police car turned around and left. I must admit that in all this time, aside from the noise from the buses and the horrible gas smell from the old buses they were pretty quiet and the music in the club was not very loud.

At about 1:00 am the Caucasian crowd came out again from the entrance on the alley and got on the buses and left. Once again they were orderly and not very loud.

At 2:15 am the noise started however but since I took a sleeping pill I had no more energy to go out on the balcony to check it out. I also heard early in the morning horrible noises coming from the street but I forced myself not to go on the balcony and check it out.

This morning, Gabriel told me that he went on the balcony at 4:30 am and witnessed the regular crowd of Cashmere club coming out of the club through the alley gates between the Club and the Jefferson at Hollywood building. The Security guards were ushering them out in sets of people. Those people were very loud and extremely disruptive. One of them brought out a glass from the club and threw the glass towards our building. The glass smashed against a vehicle. Please

see a picture of broken glass that I took this morning attached hereto.

Adding insult to injury, one of the security guard and the manager of the club started video recording Gabriel while he was just sitting on his balcony witnessing all the disturbance in an attempt to intimidate him to go inside and not to witness the fact that instead of closing the club at 2:00 am as in the condition placed upon the club they were closing at 4:30 am. Gabriel was not filming them or taking pictures of them. He was just sitting on his own balcony being a witness. The noise continued until after 5:00 am. Gabriel Felt extremely intimidated by them.

All the above clearly demonstrate that they think they can outsmart you the police department and the City of Los Angeles. They want to be able to continue to operate without abiding by the conditions placed upon them.

Last night they violate at least 4 major rules: 1). They let people in on Hollywood Blvd.(they must've since I never witness the regular Cahmere club patrons going into the club through McCadden Pl.; (2) They rented out their club to a private party (3) They stayed open until 4:30 am and (4) They did not managed the crowd not to disturb the residents in this area.

What is the police going to do about it? How many violations they will be allowed to make until this case will be sent to real enforcement? We have the right to peaceful enjoyment in our homes.

I might have to address myself to the Chief of Police and to file a complaint with the Department on Disability of the City of Los Angeles since, Gabriel, as a disabled individual is unable to rest in his own home and the City does not put an end to the public nuisance.

Please advise accordingly.

Very truly your,

Hi Mark,

I am happy to hear that. That might have been the reason why the party buss came back at 2:00 am and took some of the patrons back.

However, I did not see ANY patrol car passing by at 2:00 am when the club let our their patrons, and I was on my balcony until 2:18 am taking pictures and video. Therefore people were still hang behind a loitering. People were honking their horn for no apparent reason aside to create a disturbance, they were yelling, screaming, talking very loud and making all kinds of grunting noises.

Then at almost 3:00 am I was back on the balcony as people were still hanging about. Once again no police patrol car came by. Adding to it while I was taking videos of the remaining offenders, all black, they started to be aggressive with me asking me if I am taking their picture, and then, when I continued to video record them they started flashing their flash lights at me in order to intimidate me. Furthermore, one of them threw something at my window in an attempt to hit me. That left a stain on my livingroom window. Please see some pictures of it attached hereto. You could hear on my video recording when the object impacted my window. Since the video is a big file I am unable to e-mail it to you but I would like for you to have it somehow. Needless to say, I was extremely frightened, but I continued to record them. When I saw they are getting more aggressive and they turned their aggression towards me I went inside the apartment, and no sooner I heard something hitting my balcony railing. I called the police but nobody answered and I decided to wait it out until the morning.

This morning I discovered a bottle of water lodged under my balcony railing. I also discovered a plastic Starbucks coffee mug right on my right hand side on the sidewalk. I compared the stain on my window with that, and it seemed to contain the same substance (a milk shake of some sort). After I took pictures of both of them I collected them in bags. I have them both for you if you would want to get their fingerprints from it as this was vandalism.

This night I am expecting more of the same, and I have to acknowledge that I am very frightful that the same black man will come back to retaliate against me. I am reiterating my request that a police unit to be dispatched on McCadden Place at 2:00 am and then to drive back at 3:00 am in order to deal with the loitering and nuisance.

I will call you as soon as I see people lining up to enter the club.

As for me, I will continue to document everything, and I am not backing down as we need to push forward to have this public nuisance abated once and for all.

Her window faces McCadden PI, and there are horrible noise from clubgoers. People being bused into Hollywood and they stay around Hollywood after they are out of the club causing a disturbance in the neighborhood. Alberto Avila is the owner but she doesn't have any more information other than that.

She has spoken to VICE who tells her that they have cited them multiple times.

She wants help in order to get them shut down for all of their violations.

2nd issue:

She was complaining about the leaf blowers and power washing around her neighborhood (McCadden and Hollywood). Apparently they start close to 7:50 and she would like them to accommodate and start after 9 am. She mentioned that she takes care of an elderly man who is greatly disturbed by the leaf blowers. I told her I would relay this information over to the BID if they are the ones cleaning.

Your thoughts?

Then at almost 3:00 am I was back on the balcony as people were still hanging about. Once again no police patrol car came by. Adding to it while I was taking videos of the remaining offenders, all black, they started to be aggressive with me asking me if I am taking their picture, and then, when I continued to video record them they started flashing their flash lights at me in order to intimidate me. Furthermore, one of them threw something at my window in an attempt to hit me. That left a stain on my livingroom window. Please see some pictures of it attached hereto. You could hear on my video recording when the object impacted my window. Since the video is a big file I am unable to e-mail it to you but I would like for you to have it somehow. Needless to say, I was extremely frightened, but I continued to record them. When I saw they are getting more aggressive and they turned their aggression towards me I went inside the apartment, and no sooner I heard something hitting my balcony railing. I called the police but nobody answered and I decided to wait it out until the morning.

This morning I discovered a bottle of water lodged under my balcony railing. I also discovered a plastic Starbucks coffee mug right on my right hand side on the sidewalk. I compared the stain on my window with that, and it seemed to contain the same substance (a milk shake of some sort). After I took pictures of both of them I collected them in bags. I have them both for you if you would want to get their fingerprints from it as this was vandalism.

This night I am expecting more of the same, and I have to acknowledge that I am very frightful that the same black man will come back to retaliate against me. I am reiterating my request that a police unit to be dispatched on McCadden Place at 2:00 am and then to drive back at 3:00 am in order to deal with the loitering and nuisance.

I will call you as soon as I see people lining up to enter the club.

As for me, I will continue to document everything, and I am not backing down as we need to push forward to have this public nuisance abated once and for all.

Best, [REDACTED]

Hi Mark,

I am happy to hear that. That might have been the reason why the party buss came back at 2:00 am and took some of the patrons back.

However, I did not see ANY patrol car passing by at 2:00 am when the club let our their patrons, and I was on my balcony until 2:18 am taking pictures and video. Therefore people were still hang behind a loitering. People were honking their horn for no apparent reason aside to create a disturbance, they were yelling, screaming, talking very loud and making all kinds of grunting noises.
